### SO WHY JOIN MOA?

Many people find the sense of belonging and participation to be satisfying in itself. Meeting with other clubs, exchanging ideas for activities and learning new ways of doing things by and for members enhance the BMW experience. There are also various seminars and meetings for MOA members at each year's National Rally. An all around good forum to discuss, learn about and expand our knowledge of BMW motorcycles. Pass the word.

SEAT is a BMW Club but we welcome riders of other makes as well. We are a growing club and offer a variety of information to our members.

SEAT is a web based club. On the website members can see a calendar of events, club news and reports of club events. Members can submit articles and photos about their rides and technical articles to the webmaster for publication. There is a directory of club members to help you know club members and find riding partners.

The monthly ride is not an organized ride as everyone has their own pace and style of riding. SEAT meets the second Sunday of every month. There are lunch meetings in the winter and breakfast rides in the summer. They are held at different locations suggested by club members. Let us know your favorite restaurant that can handle 35-50 people. There are also longer overnight events planned throughout the year and a Christmas Party. Check the website for the coming rides.
